CAREER OBJECTIVES :

Aspiring Software Engineer with a strong foundation in Data Structures & Algorithms, Object-Oriented Programming, database management, and backend development using Python and Django. Skilled in C, C++, JavaScript, SQL, Git, and REST APIs. Passionate about solving problems, building scalable software, and continuously learning modern software engineering practices. Seeking an opportunity to contribute and grow as a Software Engineer.

Work Experience :

Executive Member, BASIS Student Forum, IUBAT Chapter 2025

2025 – Present

- Assisted in organizing technical events, workshops, and seminars.
- Coordinated event logistics and collaborated with the executive team.
- Promoted student engagement through technology-focused initiatives.

EDUCATION

International University of Business Agriculture and Technology (IUBAT)

Dhaka, Bangladesh

Bachelor of Science in Computer Science and Engineering (B.Sc. CSE) | CGPA: **3.67/4.00**

January 2023 – January 2027

Kumudini Government College

Tangail, Bangladesh

Higher Secondary Certificate (HSC) | GPA: **5.00/5.00**

2018 – 2020

TECHNICAL SKILLS

- **Programming Languages:** Python, C, C++, C#, JavaScript, SQL
- **Web Technologies:** HTML5, CSS3, Django, Django REST FRAMEWORK
- **Databases:** MySQL, PostgreSQL
- **Version Control:** Git, GitHub
- **Tools & Platforms:** VS Code, XAMPP, Jupyter Notebook, Kaggle
- **Core Concepts:** Object-Oriented Programming (OOP), Data Structures & Algorithms, REST API, MVT Architecture, Database Management Systems (DBMS)
- **Soft Skills:** Problem Solving, Teamwork, Communication, Leadership, Time Management

Projects:

E-Commerce Web Application (Django REST FRAMEWORK, Python, MySQL, HTML, CSS, JavaScript):

- Developed a full-stack e-commerce platform with user authentication, product CRUD, shopping cart, order management, and MySQL database integration.

Mobile Recharge Management System (PHP, MySQL, HTML, CSS, XAMPP):

- Built a web-based recharge platform with user authentication, recharge transactions, CRUD operations, and MySQL database management.

COMPETITIVE PROGRAMMING :

- Solved 150+ programming problems across Codeforces, LeetCode, and HackerRank using c, c++, python
- Codeforces Rank: Newbie
